- **High Meadows History Highlight:** Founded in 1973. High Meadows is celebrating the 50<sup>th</sup> summer of camp this year. That year, a partnership consisting of Bill Crawford, Jay Dickerson, Jody Holden, and Mike Drake purchased 42 acres from the family of Nat and Louise Franklin, who used the property as a farm. Jody previously ran a nursery school on the campus of what is now the Chattahoochee Nature Center, Bill was very involved in outdoor programming, and Jay and Mike were educators. The first season of camp began that summer with the first school year starting that fall. However, the history of the property goes back much further and while much has been added to the campus over the past 50 years, remnants of its past uses remain. The Franklin House (which serves at the school's main office) was built by the Franklins and served as their home. The Stone Cottage (which serves as the camp office and health center) was built by the McDonald family, who owned the property in the 1940s. And prior to the 1832 Georgia Gold Lottery, the land belonged to the Cherokee Native Americans, which High Meadows officially acknowledged this year. While many campers, counselors, students, and teachers have come and gone over the years, memories continue to be made on the land across many generations. And throughout the summer, we will be acknowledging the major milestone with campers.

- This past week our value was **CONFIDENCE**. High Meadows campers have confidence in their skills and ability to explore and express themselves. High Meadows campers have the confidence to work and problem solve independently and have pride in their accomplishments. High Meadows campers have positive attitudes and enthusiasm and celebrate the differences in others. We emphasize confidence at the beginning of the summer in order to encourage campers to try new things and to have a positive attitude that sets the tone for their experience at High Meadows Camp. We hope that you take the time to discuss this and the other upcoming values of the week with your camper.

• Super Seniors have had a spectacular first four days of camp! We've been singing some camp songs including Tom the Toad, Ding Dong, and Twelve Days of Camp. We visited the water garden and learned about all the goldfish. We practiced our stances and shot a few bullseyes at the archery range. Some of us gave the tire swing a whirl and some reflected on their day as they walked the labyrinth. We played bomber ball and

water weasel and then cooled off at the pool at the end of the day! Whew! What a fun-filled, busy week we've had!

- **CITs have had an amazing first week. We participated in team building activities and spent some time in the woods making friends with camp creatures. We were successful with climbing the up and over wall, encouraging and celebrating one another as we went. We have created a solid unit ready to take on all challenges. We spent the last two days spending time with other units and building relationships with their campers. We look forward to an even better second week.**
